CONVEX C V4.0

Document No. 720-003530-000

This documentation set accompanies the release of CONVEX C V4.0, the compiler that can perform scalar, vector, and parallel optimizations. It replaces all previous CONVEX C documentation. The documents include:

ITEM	QTY	PART NUMBER	ORDER NUMBER	DESCRIPTION
1.	1	720-003130-000	DSW-083	CONVEX ANSI C Concepts
2.	1	720-000630-203	DSW-086	CONVEX C User's Guide
3.	1	720-001230-001	DSW-088	CONVEX C Language Reference Manual
4.	1	720-001130-200	DSW-089	CONVEX C Optimization Guide
5.	1	720-003030-000	DSW-087	CONVEX C Quick Reference
6.	1	720-002930-000		CONVEX C Master Index
7.	1	720-001530-001	DSW-048	CONVEX C Programmer's Reference

The Programmer's Reference contains man pages that are associated with the C compiler. These man pages may stay with this documentation set or they may be placed in the binders for other programmer's reference manuals.
