

Software Product Description

DIGITAL CLASSIFIED SOFTWARE

PRODUCT NAME: SELECT-™86, Version 2.30
For the PC100 (Rainbow)

SPD A0.99.00

DIGITAL distributes this Software Product under license from Select Information Systems, Inc.

DESCRIPTION:

SELECT-86 is a word processing software package that runs under the PC100 CP/M®-86/80 Operating System on the PC100 personal computer. The software is menu driven throughout and contains a computer assisted teaching system integrated with the software. This teaching facility is complemented by an extensive "help" facility that can be invoked at any time during the use of SELECT-86. Most operations can be accomplished by the user without reference to the manuals.

SELECT-86 is a PC100 CP/M®-86/80 applications program that makes use of the file name and directory services of the operating system. Thus a user should have some familiarity with the basic operations of the PC100 CP/M®-86/80 Operating System and the PC100 computer.

SELECT-86 assists in the enhancement of personal productivity. It is sophisticated enough for the word processing needs of the secretary. Also, the busy professional will find SELECT-86 easy to understand when producing reports, memos, lists, schedules and other material.

SELECT-86 includes spelling verification and form letter generation facilities. SELECT-86 may be used for document or program creation and can edit PC100 CP/M®-86/80 ASCII formatted files created by other software.

Features:

- Edits letters, documents and source programs up to the maximum file size space on the disk (typically 200 pages)
- Edits ASCII files generated by MULTIPLAN™-86 software
- Performs on-screen formatting and justification of text and automatic pagination
- Formats pages, including the use of variable top, bottom left, and right margins

- Allows headers and footers with page numbering, variable horizontal pitch (characters per inch across the page), variable vertical pitch (characters per inch down the page)
- Selects print font (on LA100 printer only)

SELECT-86 includes a 10,000 word dictionary which is expandable, subject to the limitations of disk space, and an automatic spelling verification program.

SELECT-86 includes the ability to insert one document into another, to print one document while editing another, and view one document without stopping to file away the one that is being edited. SELECT-86 automatically maintains a backup copy of each document each time it is edited. It also provides a facility to save the user's work should the file being created exceed the space available on the diskette being used.

MINIMUM HARDWARE REQUIRED:

Any valid PC100 Personal Computer configuration with:

- PC100A CPU and dual drive floppy diskette
- VR201-A Monitor
- PC1K1-AA Country Kit with keyboard
- 138 KB of disk space required for Install/Teach
- 264 KB of disk space required for Master Spell

OPTIONAL HARDWARE:

- RX50-YA Dual drive mini-floppy disk expansion unit with cables
- PC1xx-AA 64KB random access memory
- PC1xx-AB 192KB random access memory

PREREQUISITE SOFTWARE:

PC100 CP/M ® -86/80 Operating System, Version 1.0.4 (1.1)

OPTIONAL SOFTWARE:

The diskette on which the software product is furnished is warranted to be free of defects in workmanship and material under normal use for a period of ninety (90) days from the date of purchase by you. DIGITAL's sole responsibility and your exclusive remedy under this warranty will be:

- (a) to receive a replacement of the diskette; or
- (b) if a replacement is unavailable from DIGITAL or your Authorized Dealer, to return all copies of the software to DIGITAL or your Authorized Dealer for a full refund of your money and your Software License will be terminated.

THIS LIMITED WARRANTY AND ANY IMPLIED WARRANTIES FOR MEDIA, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO THE PERIOD OF NINETY (90) DAYS FROM THE DATE OF PURCHASE. NO OTHER WARRANTIES APPLY TO THIS PRODUCT. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

DIGITAL WILL NOT BE LIABLE IN ANY EVENT FOR ANY DAMAGES INCLUDING ANY LOSS OF DATA, PROFITS OR SAVINGS, CLAIMS AGAINST YOU BY ANY OTHER PARTY OR ANY OTHER INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF YOUR USE OF, OR INABILITY TO USE THE SOFTWARE OR MEDIA, EVEN IF DIGITAL IS ADVISED OF THE POSSIBILITY OF SUCH DAMAGE. Some states do not allow the exclusion or limitation or incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

For more information concerning how to obtain your warranty service or for other questions concerning your warranty, please refer to the "Keys to DIGITAL Service."

DCS PROGRAM

Digital Classified Software (DCS) is a Digital Equipment Corporation program to market high quality software products for DIGITAL personal computers. Software products developed by DIGITAL and those produced by third parties are included in the DCS program. DCS enables third party software producers to submit their software products to DIGITAL for testing according to DIGITAL quality standards for the DCS program. Software products that are accepted into DCS are placed into one of three classifications:

DIGITAL Tested - Software products placed in this classification have met DIGITAL standards for ease of installation by the user, ease of use, and accuracy of user documentation. These software products, if licensed from DIGITAL, are provided "**AS IS.**" No additional services are available from DIGITAL for these software products.

DIGITAL Service - Approved - Software products placed in this classification have met DIGITAL standards for ease of installation by the user, ease of use, and accuracy of user documentation. In addition, these software products have met DIGITAL requirements for serviceability. These software products, if licensed from DIGITAL, are normally provided "**AS IS.**" Optional, separately priced services are offered by DIGITAL for these software products.

DIGITAL Developed - This classification is reserved for products developed by DIGITAL which meet DIGITAL's highest quality standards. This classification is available to a limited number of software products developed by third parties to DIGITAL specifications and which are marketed as DIGITAL software products. Software products in this classification may be provided with a limited warranty from DIGITAL. Optional, separately priced support services are offered by DIGITAL for these software products.

Software products accepted into the Digital Classified Software program will be marked with a label that identifies their DCS classification.
